HYMENAL.
A marriage took place at the Baptist church in this city Tuesday morning at 7:15 o'clock that was quite an important social event, and was largely attended by the friends of the popular young couple who united their destinies on that occasion. The bridegroom was Mr. C. F. Couts, son of Mr. Jno. F. Couts, of Clarksville, and the winsome bride was Miss Mattie Hay, daughter of Mr. Wm. Hay and niece of Hon. W. M. Daniel. The ceremony was performed by Dr. A. D. Smith, and when it was over the newly married pair left immediately for New York where they will in the future reside. Mr. Couts was brought up in Clarksville and has a host of friends here. He is a young man of sterling worth and fine business capacity. He is at present employed as traveling salesman for a New York house. His new made wife will be greatly missed from this city, where she was much loved and admired. The young couple start life under bright auspices and have the congratulations of all who know them.

Masonic.
The Free, Ancient and Accepted Masons of Montgomery county, had a kind of reunion at the Lodge room in this city last Saturday. The outside world is not generally supposed to know much about the proceedings of this mystic order, but somehow it has got abroad that the object of the meeting Saturday was to quicken the spirit of the brethren and to put new life into the cause of Masonry in this section. Dr. A. M. Trawick was made chairman of the meeting and Mr. G. B. Wilson, secretary. The following communications were appointed: Committee on permanent organization, rules and regulations—Dr. N. L. Northington, Port Royal Lodge; Sid C. Batson, McAllister Lodge; J. T. Morrow, Valley Forge Lodge; Jno. A. Gholson, McAllister Lodge; G. B. Wilson, Clarksville Lodge. On correspondence—J. G. Joseph, Clarksville Lodge; Jno. A. Gholson, McAllister Lodge; H. W. Watts, Acadia Lodge. Another meeting will be held at 10 o'clock a. m., on the first Monday in November.

Maudie Granger.
This famous American beauty and distinguished emotional actress will make her first appearance before a Clarksville audience on next Monday evening in John A. Stevens' latest and greatest success "Her Second Love." The play has been produced all over the country, and its success has been most emphatic. Maudie Granger enjoys the world-wide reputation of being one of the best emotional actresses on the stage, also of being the handsomest lady star now before the public. Her dresses worn in "Her Second Love" are marvels of the dressmaker art and are imported from Worth's, of Paris.

Since Brownsville abolished her charter she has been under the operation of the four mile law, but it seems, only nominally so. The prohibition was practically ineffectual, and as much liquor has been sold in Brownsville as in any incorporated town in the State. A common dodge was to get a prescription from a physician and buy the whiskey "for medical purposes." Judge Carthage charged the Grand Jury at the recent term of the Haywood County Circuit Court that the prescription business was all too thin, and moreover, that the law required the doctors to know that the patient prescribed for really needed the liquor, and that the knowledge must be obtained by a personal examination. As a consequence of this charge all the Brownsville M. D.'s are under indictment and the prescription business down there has greatly fallen off.

There was stormy weather in several parts of the country Monday morning. A cyclone is reported from Columbus, Ind., which did much damage to property in that place, and another from Texas and Caroupaus, Louisiana, still more destructive. A dispatch from Trenton, Tenn., to the American reports a storm there "that has no equal since the great storm of 1867." Its fury was spent in a narrow scope along the Forked Deer river. Considerable damage was done in Trenton in the way of blowing off roofs and overturning out-houses, stables and fences. Nobody was hurt, but many were badly frightened. Dispatches from Paris, Ky., report a cyclone in Bourbon county on the same date with terrible effects.

We see from the last number of the Russellville Herald-Enterprise that Mr. Rice, of New York, the mighty mammoth and great colossal railroad builder, has written that paper a letter, identically the same as the one we publish elsewhere, except that it is addressed to Gov. Knott instead of Gov. Bate. The only thing we would like to know about Mr. Rice now is, what kind of a swindle or advertising dodge he is trying to perpetrate. We are inclined to believe he is a fit subject for the penitentiary or the lunatic asylum.

Teachers' institute.
The next institute for Montgomery county will be held at Putnam on Saturday, Nov. 10. The following is the program:
10 to 12:15—Opening Exercises
12:15 to 1:45—Geography of the U. S.
1:45 to 2:15—How to teach Arithmetic
2:15 to 3:45—School Government
3:45 to 5:00—School Government
A full attendance of teachers, School Directors, and friends generally is requested.

J. MILLER, Sup't. Schools.

The first hogheads of new tobacco of this year were received on Tuesday last by Shelby & Rudolph of the Bailey Warehouse. It is a hoghead of leaf and was raised by Mr. Thomas Hunt, Jr., of the Garrettsburg, Ky., neighborhood. It will be put on the market next week.

VENON announces the first cold snap for the 3d, 4th and 5th of November.

Restive Jail Birds.
Seven of the prisoners confined in the county Jail made an ineffectual attempt to escape this week. They occupied the first floor cell next to the river, and wrenched an iron hook from the wall which had been placed there to hang buckets on. This they broke in two pieces, and by some means unknown, beat one piece to a sharp edge, like a chisel, with which they cut a bolt that fastened the inner door of the cell, using the other piece as a hammer. The bolt had a flaw in it and was more easily broken on that account. This bolt being cut, a long iron bar was located, which they used with telling effect against the outer door. Sheriff Harris made the discovery Wednesday at noon, and at once had the prisoners removed to another cell. His attention was first attracted by the broken white-wash on the outer door, and a closer investigation revealed the damage that had been done. When the prisoners quit work, they placed everything in its original position so nicely that a casual observer could not detect that anything was wrong. They had made some progress towards opening the outer door and would doubtless have made good their escape Thursday night but for the timely detection of the sheriff.

The Railroad.
The work on the Red river bridge has been somewhat retarded this week by high water. The last, next to one, of the trestle benches that span the river was to have been put up yesterday. The bridge with the trestle work on the north side of the river will be completed by the end of next week. Track laying will begin soon and "the management" promises to fulfill Judge Smith's pledge, made at the time of the dirt breaking, that an engine and cars will be running over Red river by the 24th of this month.

A LITTLE son of Mr. Jim Morris who lives near Woodland died recently from a pistol shot wound that he received accidentally. The accident occurred several weeks since and was a repetition of the too frequent and always distressing story told in these words "he didn't know it was loaded." The little fellow received the best medical attention in his line. Mr. B. Chilton, but the wound was of too serious a nature to yield to the skill of the physician.

"Fair Tennessee" is the name of a new song the words and music of which were composed by "A Citizen of Henry county." We are indebted to Mr. W. B. Jones of Paris for a copy. The verses extol the greatness and manifold perfections of this State. We can't read the music but suppose it is a fit accompaniment to the song. The music is for sale by T. C. McNeil Paris, Tenn.

MR. ARCHIE THOMAS has sold the Springfield Record to the Record Publishing Company, which is composed of Jno. W. Judd, Esq., Mrs. E. B. Judd, Mr. Jno. Y. Hutchison, Mr. Thos. Pepper and Mr. C. C. Bell. Mr. J. W. Judd is announced as the future editor. Mr. Thomas has also sold his home in Springfield and will move with his family to Florida. He has conducted the Record for more than ten years past and has made it a reliable county paper.

Mrs. Henry Greenhill of the Woodland neighborhood presented her husband with the 20th ult. Mr. Greenhill is one of the best citizens of the county and is to be congratulated on so important an addition to his family. We heard the first part of the week that one of Mr. Greenhill's older children was dangerously ill, but we hope she is better by now.

MR. PETE WILLIAMS, a well known citizen of this county, died at his home near Mount Carmel, on Saturday, the 27th ult. He was about fifty-five years old and had lived in the Mount Carmel neighborhood for a number of years. He was a Christian man and a good neighbor. The remains were interred with Masonic honors, of which fraternity the deceased was a member.

THERE was a considerable rise in the Cumberland the first of this week, but at this writing the water is falling. There was about seven feet of water on the shoals yesterday morning. The Hillman is in the river now and other boats will resume their regular trips soon. The Gracery has gone to Paducah for repairs but will return in time to carry on her usual business next week.

STRAWBERRY Alley is being newly graded its entire length. This is a very timely and important improvement. The Alley is one of the most important thoroughfares about the city and should be in good fix before the winter comes on.

The Hopkinsville South Kentuckian will be published semi-weekly at the next Tuesday. The South Kentuckian is a brightly and readable paper that will very well bear a frequent publication. We wish it abundant success in its new venture.

We regret to learn of the serious illness of Rev. J. B. McHenry at his home in Nashville. He was thought to be a little better at last accounts. It is devoutly hoped that this great and good man may be spared to the church and his family.

REV. J. C. CRAIG arrived in New Providence the first of this week, and will fill his appointment there next Sunday, morning and evening. His wife was expected home last night.

HON. JOHN F. HOSK has placed us under obligations for the first volume of the census of '80. The book contains many useful maps etc., which aside from the figures it gives, makes it very valuable for reference.

When calling for any of the above please say "advertised."

PERSONAL.
Mr. B. K. Gold, of this city, has issued his tobacco report, dated the 1st inst. It contains the following figures referring to receipts, sales, shipments, etc., at this place:
Receipts for October 287 Hhds
Sales for October 287 Hhds
Receipts for the year 17,000 Hhds
Sales for the year 17,000 Hhds
Shipments for the year 17,000 Hhds
Stocks on hand November 1st 17,000 Hhds

We quote the following from the report:
With the commencement of November, our old tobacco year ends and the new begins, and all who have been in the tobacco business for some time are familiar with the gradual and steady advance in this market during the greater portion of the time, and also with the fact, as it is now, the more excited because the market and more rapid the advance until within the last few weeks when the advance seems to have spent its force, and the market about retaining its strength it had gained settled down and again became more steady, which continued to the end. Having had our first frost last night in this district, and also with the fact, as it is now, the more excited because the market and more rapid the advance until within the last few weeks when the advance seems to have spent its force, and the market about retaining its strength it had gained settled down and again became more steady, which continued to the end. Having had our first frost last night in this district, and also with the fact, as it is now, the more excited because the market and more rapid the advance until within the last few weeks when the advance seems to have spent its force, and the market about retaining its strength it had gained settled down and again became more steady, which continued to the end. Having had our first frost last night in this district, and also with the fact, as it is now, the more excited because the market and more rapid the advance until within the last few weeks when the advance seems to have spent its force, and the market about retaining its strength it had gained settled down and again became more steady, which continued to the end. Having had our first frost last night in this district, and also with the fact, as it is now, the more excited because the market and more rapid the advance until within the last few weeks when the advance seems to have spent its force, and the market about retaining its strength it had gained settled down and again became more steady, which continued to the end.
